

Regular readers of our quarterly newsletter and those who visit our website will know that customer feedback is something we are committed to seeking. We have a variety of ways in finding out how we've done in providing our services to you and below is an outline of the results of our satisfaction survey questions. We carry out a full survey every three years and you'll see the results of the most recent survey in 2019 below.

Beside these survey results, you'll see the results for quarter 1, 2, 3 and 4 of the year 21/22 and these surveys are undertaken by an independent company, Research Resource. You will also see that we're gathering information from you about how you think we've performed during the pandemic so far.

Thank you to everyone who has taken part in these surveys. It really does help us improve our services to you.
